Educational Technologist (Term to June 30, 2015)

Teaching Learning Technology Centre

This competition will be used to establish an eligibility list of qualified candidates for future vacancies.

Red River College is a leader in applied learning and innovation. Our talented team of employees is passionate about education, innovation and student success. We offer competitive salaries, extensive benefits, and the opportunity for personal and professional growth in a rewarding career. Together, we are going places.

The Teaching Learning Technology Centre (TLTC) provides expertise in learning technologies for Red River College. The TLTC adapts and integrates diverse technologies to enhance teaching and increase the ways in which students succeed in their programs at Red River College.

Duties: As a member of the TLTC team, the incumbent will work embedded in the construction trades area of the College to support online and blended teaching and learning. Located in an active workshop, the incumbent will support and enable staff to use educational software effectively, support the creation and administration of online video, create and support digital presentations and educational content in collaboration with Subject Matter Experts and Instructional Designers, document processes for do-it-yourself learners in collaboration with the TLTC trainer, troubleshoot technology problems, and investigate new technologies as required.

Qualifications:
Required:

- Post-secondary education in Digital Multimedia Technology or a related computer field. An equivalent combination of education and experience may be considered.
- Considerable experience in media support, web application support, or technical support in a customer service role
- Experience in the advanced use of web-based applications
- Excellent interpersonal skills, and experience working effectively with diverse teams with minimal supervision
- Effective written and verbal communication skills.
- Experience in writing documentation and instructions
- Experience in and the ability to master tools and skills in the following areas:
    - Troubleshooting software and hardware problems
    - AV technology (an understanding of the properties of online audio and video – compression, codecs, bitrates, embedding, html5 players, etc.)
    - Video and audio conferencing tools (examples: Skype, Elluminate, Blackboard Collaborate, etc)
    - Basic programming in HTML and CSS (Cascading Styles sheets) comprehension
- Cultural sensitivity
- Commitment to lifelong learning

Assets:

- Knowledge of Learning Management Systems (Desire2Learn) / Content Management Systems (Drupal); Articulate Studio; Adobe Captivate and Photoshop; Camtasia
- Experience in construction, maintenance or repair technologies
- Teaching or training experience in a post-secondary environment

Conditions of Employment:

- Candidates must be legally entitled to work in Canada

Applicants are to clearly demonstrate how they satisfy the selection criteria and competition number in their written submissions.

We seek diversity in our workplace. Aboriginal persons, women, visible minorities and individuals with disabilities are encouraged to apply.

Competition Number:	2014-085
Closing Date:	July 28, 2014
Salary Range:	$41,023 to $56,096 per annum
Apply to:	Red River College C410 - 2055 Notre Dame Avenue Winnipeg, MB R3H 0J9 Fax: 204-694-0750 e-mail: humanresources@rrc.ca

We thank all applicants for their interest, but only those selected for an interview will be contacted.
