SPRING 2026

WEDNESDAY, **JUNE 17**, 1:30^{PM} AND 7^{PM}

RBC Convention Centre

Messages and Program

LAND ACKNOWLEDGEMENT

RRC Polytech is committed to ensuring that First Nations, Métis and Inuit knowledge, cultures and traditions are embraced and reflected in the pursuit of its mission.

An acknowledgement of these lands that we are on today, and of the RRC Polytech commitment to Indigenous peoples and communities, now form part of the foundational statements that define us.

RRC Polytech campuses are located on the lands of the Anishinaabeg, Ininiwak, Anishininwak, Dakota Oyate, and Denésuline, and the National Homeland of the Red River Métis.

We recognize and honour Treaty 3 Territory Shoal Lake 40 First Nation, the source of Winnipeg's clean drinking water. In addition, we acknowledge Treaty Territories which provide us with access to electricity we use in both our personal and professional lives.

We respect the Treaties that were made on these territories, and we dedicate ourselves to move forward in partnership with Indigenous communities in a spirit of reconciliation and collaboration.

RRC Polytech is committed to a renewed relationship and dialogue with Indigenous people based on the principles of mutual trust, respect and reciprocity.

HONOUR SONG

This tradition began centuries ago on Turtle Island. Indigenous Peoples believe the drum and the heart share a similar purpose: to provide life through its beat. This convocation promotes oneness, love and respect for all living things.

The honour song brings voice and calls spirit to celebrate the relationships between all life. Usually sung to honour a particular person, they can also be sung for groups or at sacred gatherings such as sundances, sweat lodges and ceremonies to acknowledge those who have accomplished a great goal.

When the honour song is sung at a gathering, it is considered respectful to stand and remove your hat.

INDIGENOUS GRADUATION STOLES

Indigenous graduates of RRC Polytech proudly wear graduation stoles draped over their shoulders in recognition of their academic achievements. These stoles feature elements of our new Indigenous visual identity, which was designed to resonate with all members of the RRC Polytech community, and to symbolize our collective commitment to reconciliation, representation and respect.

The resulting motif embodies the way teachings flow through us – ever-evolving, rooted in movement, continuity and our identities. Just as education shapes and reshapes us, this motif reflects the dynamic process of passing knowledge through generations.

Braided from all directions, from all Nations, it holds the past and lights the way forward.

President's Message

Dear Graduates,

Congratulations on reaching this remarkable milestone, and welcome to the proud and ever growing community of RRC Polytech alumni.

Today, you join the ranks of graduates from Manitoba's polytechnic institution – a distinction that reflects your dedication, resilience and ambition. The credentials you've earned represent significant academic achievement, a gateway to new opportunities and a testament to your readiness to contribute meaningfully in a world that continues to evolve at an unprecedented pace.

As you step into this next chapter, you carry with you the confidence that comes from mastering new skills and applying new knowledge. You've demonstrated the ability to adapt, to lead through change and to thrive in diverse and dynamic environments – qualities that will serve you well, no matter where your career path leads. Your education has prepared you not just to meet the needs of today's workforce, but to shape its future.

Employers value the fresh perspective, practical experience and commitment to excellence that RRC Polytech graduates bring. You are equipped to make a difference – in your workplace, in your community and far beyond. Your achievements contribute to the growth and prosperity of our province, and we look forward to seeing the impact you will make across industries and sectors.

This moment is the culmination of your hard work and perseverance, and you deserve to be celebrated. RRC Polytech is honoured to have been part of your journey, and we hope the values you've embraced here – innovation, inclusivity and integrity – continue to guide you as you help build a stronger, more equitable future.

While today marks the end of your time as a student, it also marks the beginning of your lifelong relationship with RRC Polytech. Whether you return for continuing education, professional development or corporate training, we are here to support your growth at every stage of your career.

Stay connected and consider the many ways you can give back: by mentoring, sharing your experience or helping shape the next generation of learners.

RRC Polytech alumni make a difference in their own communities and around the world. As you transition from student to graduate, you now join more than 190,000 change-makers who have graduated from a program, completed a course or earned their credentials at this extraordinary institution since its establishment in 1938. All of us at RRC Polytech are proud of you and confident in all that you accomplish.

Congratulations!

PRESIDENT AND CEO, RRC POLYTECH

Board of Governors' Message

Dear graduates,

It is my honour to congratulate each of you on behalf of RRC Polytech's Board of Governors. You are on your way to becoming leaders and change-makers in your industries and we are proud to mark this day with you.

You have accomplished so much in your journey to graduation, and I hope you take the time to remember your hard-earned wins and celebrate your grit, determination and desire to make a positive impact.

Today you are welcomed to an esteemed group of RRC alumni. Those who have walked these halls before you are ready to welcome you into their ranks and I know you'll continue to impress and represent all that RRC Polytech stands for in your future successes.

Tina Keeper

Tina Keeper is Cree from Norway House Cree Nation in Treaty 5 territory, and related to the Muskrat Dam First Nation, Treaty 9. She is a film, television and theatre producer, an actor, an advocate and a former Member of Parliament.

Her passion for the arts was influenced by her culture. Tina explored theatre at the Winnipeg Indian & Métis Friendship Centre in 1980 and through the acting program at the University of Winnipeg. She has a BA in theatre from the University of Winnipeg and trained at the Centre for Indigenous Theatre, the Banff Centre and the Sundance Institute. She won a Gemini award for acting in 1997 for her portrayal of RCMP officer Michelle Kenidi in the long-running television series *North of 60*.

As an Honorary Witness for the Truth and Reconciliation Commission, Tina co-produced the Royal Winnipeg Ballet's highly acclaimed ballet *Going Home Star*, guided by Indian Residential School Survivors.

Tina served as a Member of Parliament for the federal riding of Churchill from 2006-2008. In 2008, she introduced a Private Members' Bill into the House of Commons that would ensure Canadian laws are consistent with the United Nations Declaration on the Rights of Indigenous Peoples, and another Private Members' Bill regarding Jordan's Principle to address First Nations children's health care in Canada.

Tina now is the President of Kistikan Pictures Inc., a partner company with Phyllis Laing and Buffalo Gal Pictures. Since 2010, Kistikan Pictures has worked solely to develop and produce film and television projects by Indigenous creators, with a priority on developing capacity for Indigenous people in all departments for production. They are currently in production on the fifth season of *Acting Good*, which has been the number one show on CTV Comedy since its debut.

Automotive Technician

Joyce and Don Sobering

Joyce and Don Sobering have built a remarkable legacy in Manitoba's automotive industry, one defined by entrepreneurship, service and an ongoing commitment to community.

By age 12, Joyce had already chosen the family dealership over the family garden, encouraged by her father's belief that she could do anything she set her mind to. In a male-dominated industry, she distinguished herself through determination and resilience, often working harder to prove her place – not only as a woman, but in the early stages of her career, as the boss's daughter.

Joyce is now a respected industry leader, having proven herself over a career spanning more than six decades. Alongside her husband, she has contributed significantly to industry development while balancing family life, raising five children and volunteering on various community boards. Her volunteer leadership and board work include serving as recording secretary for the Automotive Trades Association (ATA) in 1986-87, serving on the Automotive Provincial Trade Advisory Committee, serving as the Apprenticeship Board Chair and Apprenticeship Appeal Board Chair, and as an Apprenticeship Futures Commission member and a founding member of the Canadian Apprenticeship Forum.

Don Sobering has a lifelong passion for automobiles. As a boy, he spent his time dismantling and rebuilding cars, eventually translating that passion into a career. After earning his Red Seal certification as an Auto Repair Mechanic in 1960, Don launched his own ventures, including a White Rose service station in 1966.

In 1971, Don and Joyce purchased the Sobering family business, Sobering Auto Electric, later relocating it to Dugald Road where it became a cornerstone business. Don served as ATA President in 1986, strengthening the association through negotiations, membership growth and youth engagement. He spearheaded the organization of a major conference and established foundational bylaws. He was also one of the founding members of the Manitoba Used Car Dealers Association.

Together, Joyce and Don extend their impact beyond business. In 2002, they co-founded the Motor Vehicle Industry of Manitoba, a scholarship initiative that has supported hundreds of apprentices in achieving their Red Seal certification. They believe that a career choice as a Red Seal technician in the motor vehicle industry deserves the recognition of being a highly skilled individual who never quits learning. Don and Joyce were among the first inductees to the ATA Hall of Fame, with Don receiving a Lifetime Achievement Award. Through leadership, mentorship and philanthropy, the Soberings continue to leave an enduring mark on the automotive industry.

Teacher Award of Excellence

Brian Rochat

Brian Rochat is an instructor, researcher, and workforce development specialist whose work centres on international education, intercultural competence, and inclusive employability. His research explores how people develop intercultural awareness and navigate difference in educational and workplace settings. Brian is the recipient of the *2025 Canadian Association of Foundations of Education Outstanding Master's Thesis Award*, recognizing his graduate research on intercultural discovery and development in international education, published in August 2024. His work has also appeared in the *International Journal of Work-Integrated Learning*.

Brian joined RRC Polytech in 2021 as a Work-Integrated Learning Coordinator supporting co-operative education in business programs and joined faculty in the School of Continuing Education in 2024. Between 2024 - 2026, he taught in the Business Management and Leadership, International Business, Social Innovation and Community Development, and Business Administration programs. Prior to RRC Polytech, Brian spent six years at the Manitoba Institute of Trades and Technology and over a decade managing inclusive employment and workforce development programs supporting labour market inclusion for newcomers, neurodiverse and marginalized youth.

Committed to advancing equity and intercultural learning beyond the classroom, Brian serves on several boards and committees and recently completed a term as Chair of the Canadian Bureau for International Education's Intercultural Competence Group. His work is grounded in the belief that inclusion is an active, ongoing practice – one that requires reflection, humility, and a willingness to learn across difference.

Gold Medals

SPRING 2026 RECIPIENTS

RRC Polytech Gold Medals recognize graduates in diploma and degree programs of two academic years or longer (excluding Apprenticeship programs) who attain the highest cumulative program grade point average at or above 3.80. Each program selects and awards one gold medal for each academic year. The Gold Medallist may complete their program and convocate in either the fall or spring convocation ceremony.
