

Instructor, Access Pathway

Aboriginal Education and Access Programs

Applicants are to clearly demonstrate how they satisfy the selection criteria in their written submissions and must identify the competition number they are applying for in the subject line of the email.

An eligibility list may be created for similar casual, part-time, full-time, and term positions

DUTIES

Reporting to the Chair of Aboriginal Education and Access programs, the instructor is required to deliver theory and practical training to students in the Pathway to Information Technology Programs. Duties related to instructing include instructional methodology, curriculum development, content creation and delivery for courses in the Pathway Programs. Possible curriculum delivery could include business courses, IT Operations, professional development, and applied computer courses. Duties will include course preparation, course outlines, lesson plans, assignments, assist in college activities including student orientation, graduation, and additional student support hours. The successful candidate will also participate in department, college committees, and external professional organizations.

REQUIRED QUALIFICATIONS

- Post secondary education in an Information Technology field; an equivalent combination of education and experience may be considered
- Experience with information technology documentation, processes and procedures
- Related teaching experience in Indigenous Education, including curriculum development, implementation and student assessment
- Leadership experience demonstrating a collaborative, supportive, and student-centered approach
- Ability to manage conflict and use good judgement to facilitate positive outcomes
- Ability to work independently and contribute effectively in collaborative teams
- Effective interpersonal and conflict resolution skills
- Excellent written communication skills
- Strong verbal communication skills, including presentation skills
- Values Diversity, Equity, and Inclusion
- Commitment to lifelong learning

ASSETS

- Experience with a wide variety of IT technologies
- Experience in teaching communication, professional development skills and computer application courses
