

Instructor, Technology Solutions for the Workplace (Casual)

Civil Engineering Technology

Applicants are to clearly demonstrate how they satisfy the selection criteria in their written submissions and must identify the competition number they are applying for in the subject line of the email.

An Expression of Interest is used to fill future vacancies by creating a list of eligible candidates that have already gone through a competitive process.

DUTIES

Reporting to the Chair of Civil Engineering Technology, the Instructor delivers a variety of courses focussed on the National Building Codes of Canada. Courses may be delivered online and/or in-class predominately at the Notre Dame Campus. Duties include: course preparation, delivery, and student evaluation, the development and maintenance of course outlines, lesson plans, assignments, tests and examinations, and student records. The successful candidate will also participate in department and college committees, assist in department and college activities, develop/modify curriculum to reflect current industry needs.

REQUIRED QUALIFICATIONS

- Relevant post-secondary education in Civil Engineering, Architecture, or related programs; an equivalent combination of education and experience may be considered
- Significant current work experience with Part 9 of the National Building Codes of Canada
- Ability to work independently and within a collaborative team environment
- Effective presentation skills with the ability to present material to diverse groups with the use of appropriate technology
- Effective Interpersonal and communication skills
- Ability to use conflict resolution techniques to facilitate positive outcomes
- Proficient use of Microsoft Office: Word, Excel, Powerpoint, and Outlook
- Experience building a respectful workplace culture that promotes diversity, learning and continuous improvement

ASSETS

- Current work experience with buildings codes in Part 3, HVAC, and/or Plumbing
- Recent experience with plan examinations, site inspections, and permitting processes
- Knowledge of the Manitoba Energy Codes for Buildings (MECB)
- Teaching experience in a post-secondary environment
- Active membership in a local professional association

CONDITIONS OF EMPLOYMENT

- Applicants must be legally entitled to work in Canada
- This position may be required to work evenings and/or weekends
- Instructors are required to complete the Teaching for Learning (TFL) in Applied Education program or have previously completed the Certificate in Adult Education (CAE)

RRC Polytech campuses are located on original lands of Anishinaabe, Cree, Oji-Cree, Dakota, and Dene peoples, and on the homeland of the Métis Nation.
