

## Instructor, Power Engineering Technology (Term)

### Electrical, Mechanical and Manufacturing

Applicants are to clearly demonstrate how they satisfy the selection criteria in their written submissions and must identify the competition number they are applying for in the subject line of the email.

An Expression of Interest is used to fill future vacancies by creating a list of eligible candidates that have already gone through a competitive process.

### DUTIES

Reporting to the Academic Chair of the Electrical, Mechanical and Manufacturing department, the Instructor is required to deliver theory and practical training to students in the Power Engineering Technology program. Duties will include: develop and modify curriculum; conduct student assessment and counselling; supervise student practical labs; maintain lab and classroom equipment; maintain accurate program records; effectively manage classroom activities; and perform related administrative responsibilities as required. The incumbent is also required to participate in department and College committees and assist in student orientation and graduation activities.

### REQUIRED QUALIFICATIONS

- Third class Power Engineering license or higher
- Significant related industry experience in power engineering
- Demonstrated ability in the operation of lab equipment for assigned courses of instruction
- Exceptional written and verbal communication skills
- Effective presentation skills with ability to present material to diverse groups with the use of appropriate technology
- Exceptional Interpersonal skills
- Demonstrated leadership skills
- Experience with Microsoft Office Software
- Ability to work independently as well as collaboratively in a group setting
- Ability to use conflict resolution techniques to facilitate positive outcomes
- Demonstrated accountability skills
- Experience building a respectful workplace culture that promotes diversity, learning and continuous improvement

### ASSETS

- Post secondary instructional experience
- Experience in curriculum development
- Experience with Desire to Learn (D2L) software
- Fluency in speaking Mandarin
- Willingness to teach abroad at RRC's international partner campuses

### CONDITIONS OF EMPLOYMENT

- Applicants must be legally entitled to work in Canada
- This position may be required to work evenings and/or weekends
- Instructors are required to complete the Teaching for Learning (TFL) in Applied Education program or have previously completed the Certificate in Adult Education (CAE)

RRC Polytech campuses are located on original lands of Anishinaabe, Cree, Ojji-Cree, Dakota, and Dene peoples, and on the homeland of the Métis Nation.
