

## Facility Assistant I

At Viterra, we thrive on connection. As a global agricultural network, our team realizes the power in connecting local farmers to countries around the world. We're committed to creating a workplace that provides our people with the support, guidance, and motivation needed to achieve more. Come see how we feed your drive with work you can take pride in, accessible leadership, and meaningful rewards.

Contribute to your community and beyond with local work that has global impact.

### Facility Assistant I

Start a career in your own backyard. You'll take responsibility for the kind of hands-on work that feeds your community and the world. Benefit from learning opportunities and the chance to progress your career while feeling confident in a workplace where safety is always a priority.

#### What you'll do

- Operate grain and/or special crops processing equipment
- Load railcars and trucks
- Receive and store product
- Provide quality customer service
- Take grain samples and analyze grain commodities
- Keep safety top of mind

#### What you bring to our team

- Comfort working independently
- Good communication and working relationships with your teammates and customers
- The aptitude and physical ability to operate grain processing equipment
- Good eyesight and colour perception
- Previous grain and/or special crops experience (not mandatory, but considered an asset)

#### What we offer

- Learning through on-the-job training
- An opportunity to grow a career where you live
- A competitive salary and comprehensive benefits
- Short-Term Incentive Plan offering additional earning potential in the form of an annual bonus
- Future security through a Retirement Savings Plan

"I have worked with Viterra for almost 7 years. I started as a Facility Assistant I. Throughout my time I learned various jobs, from loading/unloading cars to operating the probe, helping in the grading room, working in the annex, running the dryer and helping in receiving. Within 4 years I became a Facility Assistant II and then participated in the Facility Operations Manager trainee program and was promoted to a Facility Operations Manager shortly after. Viterra has provided me with opportunities to gain knowledge in various aspects of the agriculture and grain industry which allowed me to develop my career." - **Mercedes, Facility Operations Manager**

"I enjoy working at Viterra because everyday I learn something new about the agriculture network. I enjoy that my position requires both dealing with the customers and I am able to participate in handling the grain. Viterra is a healthy workplace as it allows you to engage yourself to enforce energy while doing a task and is a positive place for you to show passion for this industry." -**Megan, Facility Assistant I**

### **Diversity, Equity, and Inclusion**

At Viterra, we strive to bring together many minds, various talents, and diverse perspectives, reflecting the communities in which we operate. We strongly believe that everyone should be able to bring their authentic selves to work, feeling secure that they will be welcomed, supported, and accepted as part of our team. We recognize the strength of a diversified workforce, and leverage everyone's abilities, skills, experiences, and cultural backgrounds. We are committed to employment equity and providing a safe, inclusive, and respectful work environment free of discrimination and harassment. We are one team, connected.

We also strive to provide an inclusive and accessible recruitment and selection process. Please let us know if you need any accommodations during the hiring process by contacting us at [canada.recruitment@viterra.com](mailto:canada.recruitment@viterra.com) or by phone at 1.866.569.4411.
