

Response for someone who receives a disclosure of sexual violence, harassment or discrimination:

Members of the College community are encouraged to intervene to prevent or stop acts of sexual violence, harassment or discrimination from occurring, but only as far as it is safe to do so.

If someone makes a disclosure to you, one of the most important things you can do is listen non-judgmentally and support the person.

First, you should make sure the person is safe, and provide information on the supports available to them.

If the person is a minor, under the Manitoba Child Welfare Act, it is the College's obligation to report to Child and Family Services.
